To Whom It May Concern

This is to certify that **Ijlal Hussain** successfully completed an internship as an Artificial Intelligence (AI) Development Intern at Kartoa Technologies from **10 January 2026 to 30 March 2026**.

Throughout the internship, he gained practical, hands-on experience in Artificial Intelligence and Python-based development, including Machine Learning, Generative AI, Retrieval-Augmented Generation (RAG), LangChain, and LangGraph. He actively contributed to:

- Developing AI solutions using Python
- Implementing Machine Learning models for data-driven tasks
- Working on Generative AI applications and AI-powered tools
- Building and integrating RAG-based systems for enhanced information retrieval
- Creating AI workflows and agents using LangChain and LangGraph
- Collaborating on AI projects, debugging models, and optimizing performance

Ijlal Hussain demonstrated strong analytical thinking, problem-solving skills, and technical understanding throughout the internship. His performance met our expectations, and he proved to be a quick learner, highly motivated, and a dedicated team member.

We wish Ijlal Hussain the very best for future career growth and success in the field of Artificial Intelligence and emerging technologies.
